Hi There!

At JDM Projects, we become like family.

From plot and plan, to putting the finishing touches on beautiful architecture, we will be part of your project every step of the way.

JDM Projects is a family-run business established in 1987 in Mossel Bay. Taking an empty piece of land and developing it into amazing architecture is why we love what we do. We develop small, medium, and large projects, and provide quality work, irrespective of the budget. We specialise in residential, industrial and commercial development.

Vision & Mission

Vision

Our vision is to become one of the leading construction and renovation companies in Mossel Bay and the greater Western Cape—recognised for our dedication to quality, honesty, and craftsmanship. As a proud family-owned business, we aim to build lasting relationships with our clients and community by delivering work that stands the test of time. We envision a future where every project we take on reflects our passion for construction, our commitment to excellence, and the personal pride we take in everything we do.

Mission

At the heart of our business is a deep commitment to transforming houses into homes and turning ideas into reality. Our mission is to provide high-quality construction and renovation services with a strong focus on attention to detail, open communication, and a hands-on, client-focused approach. Rooted in family values, we treat every project as if it were our own—ensuring a positive, trustworthy experience from start to finish. By combining years of experience with a genuine love for what we do, we aim to leave a legacy of well-built spaces and happy clients throughout Mossel Bay and beyond.

Our **Services**

▶ **Additions and Renovations**

Whether you're looking to update a single room or expand your entire home, our renovation and addition services are designed to bring your vision to life. We specialize in modernising outdated spaces, improving functionality, and creating seamless extensions that blend beautifully with your existing structure.

▶ **Residential Development and Multi-resident Complexes**

We specialise in residential developments ranging from single-family homes to multi-resident complexes. With a strong focus on quality, efficiency, and modern design, we handle every stage of the process—from planning to construction. Whether it's a private home or a full-scale housing development, we deliver well-built, functional living spaces designed to stand the test of time.

▶ **Industrial and Commercial Development**

We deliver tailored construction solutions for commercial and industrial spaces—ranging from office buildings and retail units to warehouses and factories. With a focus on durability, functionality, and compliance, we manage projects from concept to completion, ensuring every build meets the highest industry standards

Previous **Projects**

2006 - Cyprus Manor

14 Marsh Street, Mossel Bay, WC

The famous Cyprus Manor is located in the heart of Mossel Bay CBD, and is a multi-resident complex consisting of two main sections that are connected. Each section consists of four levels (one level basement parking and three floors above ground).
